<p><b><u>HOMEWORK CLUB</u></b>            Get a solid start on your homework in Ms. DeSanto's Homework Club. Qualified high school students will be available to assist you in all subject areas.</p> <p><b>Note</b>            These are three different classes and students can be registered for more than one.</p>	Lisa Desanto	6-8	Monday Tuesday Thursday  (Monday 7 Weeks) (Tuesday & Thursday 8 Weeks)	12  (Maximum for each Day)	\$190
<p><b><u>CPR/FIRST AIDE LIFESAVER TRAINING</u></b>            The Family &amp; Friends CPR Course teaches the lifesaving skills of adult Hands-Only CPR, adult and child CPR with breaths, adult and child AED use, infant CPR, and mild and severe airway block for adults, children, and infants. Basic first aid skills will also be taught. Skills are taught in a dynamic group environment using the AHA's research-proven practice-while-watching technique, which provides students with the most hands-on CPR practice time possible.</p> <p>* This is not a certification class, however students will learn the lifesaving techniques</p>	Michael Marino	5-8	Monday  (7 Weeks)	10	\$225
<p><b><u>MIDDLE SCHOOL BUSINESS</u></b>            The Key to Your Future            The MS BASC program welcomes Jennifer Campo and a first EVER business class to the schedule. Students will be exploring career options and identifying personal likes, dislikes, and finding what motivates them in the career world. In addition, students will work on their public speaking, participate in mock interviews, learn how to write professional emails, and practice basic telephone skills. Ms. Campo will create a comfortable environment that encourages students to step outside their comfort zone and improve on the skills needed in the business world.</p>	Jennifer Campo	7-8	Monday  (7 Weeks)	8	\$225
<p><b><u>YOGA AND MINDFULNESS</u></b>            Research has shown that mindfulness and yoga practices can decrease stress and anxiety in children while improving emotional regulation, the ability to focus and social relations - all proven contributions to academic achievement. In this Yoga and Mindfulness class, through fun activities and games, we will learn to support our overall emotional and social well-being.</p>	Jillian Tomlin	5-8	Monday  (7 Weeks)	10	\$225

<u><b>CERAMICS</b></u> Love working with clay? Explore the basics of clay by creating your own masterpieces! Experiment with a variety of ceramic techniques and then decorate with glazes.	Jackie D'Arco	5-8	Tuesday (8 Weeks)	10	\$225
<u><b>CODING COMBAT</b></u> Code Combat is a coding game that uses real typed code and personalized learning to teach computer science. Students level-up in a combat video-game style platform and can choose to learn either python and/or JavaScript. Python is both beginner-friendly and currently used by major corporations. JavaScript is the language of the web and is used across nearly every website. Students may explore three different streams: Intro to Computer Science, Game Development and Web Development.	Ben Cornish	6-8	Tuesday (8 Weeks)	8	\$225
<u><b>PRE SEASON STRENGTH AND CONDITIONING</b></u> This is a coed class. If you are looking to get in shape and prepare for the winter or spring sports season, this is a perfect class for any Middle School student. This class will have students engaged in speed and agility training as well as workouts that will have the students ready to excel in any school or outside sports. Michael Marino has years of experience training athletes and looks forward to bringing his talents to the MS BASC program.	Michael Marino	6-8	Tuesday (8 Weeks)	10	\$225
<u><b>BAKING AND CRAFTS</b></u> If your child is interested in cooking and creating seasonal crafts, they will love this class! Students spend half of the time making projects related to the time of year. For example, past semester's students made stuffed pumpkins and holiday trees with fabric. In between the craft projects, students will be able to create baked goods of the class' choice.	Joyce Myers	6-8	Thursday (8 Weeks)	12	\$225
<u><b>DIGITAL PHOTOGRAPHY</b></u> Want to enhance your photography skills? Explore the amazing world of digital photography by using your smartphone! We will take photographs and use photo editing apps on your phone. If your child doesn't have a smartphone, they will be provided with a camera from the school.	Jackie D'Arco	5-8	Thursday (8 Weeks)	10	\$225

Course & Description	Instructor	Grade Range	Days	Max Enrollment	Price
<u><b>GAME DESIGN AND PRODUCTION</b></u> Design your very own personalized board game based off the classics or from your own imagination. Create all the needed parts using a 3D printer and CNC carving machine.	Greg Distefano	6-8	Thursday (8 Weeks)	8	\$225
<u><b>RUNNING CLUB</b></u> This is a coed class for all running abilities to improve their cardiovascular endurance. Mr. Marino will be exploring different terrains in the Bronxville community, and will incorporate many fitness components for an overall great outdoor running experience. Please note that most classes will be off school grounds.	Michael Marino	6-8	Thursday (8 Weeks)	12	\$225
<u><b>VIDEO PRODUCTION</b></u> Have you ever wanted to be on TV? Would you like to learn about filming, performing and editing? Then join this 8 week program with Mr. Doyle and develop your television production skills and talents. Mr. Doyle, the creator of Bronco TV, has created Bronco TV Jr. and will instruct students in filming, editing and the use of the studio 4B our new television studio funded by the Bronxville Foundation. Also, students should be excited to be the first ones to use the school's new bronxville youtube channel! This course is open to new and repeat students	Chris Doyle	6-8	Thursday (8 Weeks)	8	\$225
<u><b>DRAWING AND PAINTING</b></u> Love art? Join this drawing and painting class to enhance your art skills! We will draw/paint from life, photographs, and your imagination!	Jackie D'Arco	5-8	Friday (7 Weeks)	10	\$225
<u><b>SONGWRITING + PRODUCTION WITH GARAGEBAND</b></u> Into making beats? Like recording yourself playing your instrument or singing? Have you ever worked with loops or written your own songs? No matter what music you like to do - rock, hip-hop, instrumental - we can make it all in this new recording class! All students will be taught the basics of Garage Band and will be free to explore their own new musical creations! New and previously enrolled students welcome.	Vincent Iannelli	6-8	Friday (7 Weeks)	10	\$225
